BELKIN

Wireless Keyboard and Optical Mouse

Wireless

Benefits:

- Offers slender and easy-to-connect design
- Allows you to identify usage patterns with 2 conveniently located LEDs for Keyboard and Mouse
- Works seamlessly for right- and left-handed users
- Gives you 14 hot keys for one-touch access to internet and multi-media functions

Enjoy the freedom of wireless optical precision

Take advantage of the latest advances in computing with wireless freedom and optical precision—all in one package. The Belkin Wireless Keyboard and Optical Mouse bundle uses digital radio technology to give you the luxury of using your keyboard and mouse in comfort, anywhere within six feet of the receiver. Operation is accurate and seamless, and you no longer have to worry about keeping cables from cluttering your desktop. You can store your keyboard easily out of reach whenever you want to create more desktop space. Our mouse uses optical technology to deliver accurate signals from smooth, easy movements without requiring the maintenance of conventional, rubber-ball mechanism mice.

Access the Internet and your favorite applications with just one touch. Seven multimedia keys and seven hot keys offer you an easy method to manage and enjoy your computer, at both work and play.
